MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS :

Due to the COVID pandemic and Omicron-Delta variant, plus lockdowns and Russia-Ukraine war tensions messed with global crisis and geopolitical tensions, has led to depressed global demand and fear of global meltdown.

The domestic industry is struggling to revive itself over the last two years. Now with the gradual resumption of industrial activity, rise in global demand and the sharp uptick in metal prices, the business environment would have been ideal for reviving growth.

The higher price is the need for the well earnings prospects of Indian nonferrous companies. Year after COVID, Indian metal industry experienced demand recovery for aluminium products in most of major markets across the world.

Slowly, as demand raised from the second quarter of reporting year, the company moved fast to serve customer demand and ended the year on a strong note.

OPPORTUNITIES AND THREATS:

Non-Ferrous Metal Industry plays a vital role in the nation' s economy and the country's vision for Aatmanirbhar Bharat. Aluminium serves many areas of application in the economy and is likewise vital to both the industrial and consumer sectors. Aluminium is regarded as a strategic sector for India to move forward.

It would support India to boost fuel and cost efficiency, especially in transportation, electrical & electronics, building & construction sector. The Indian market for aluminium is booming and is forecasting further growth in the coming years.

In FY 2021-22, the Subsidiary of the company Palco Recycle Industries Limited (PRIL) operating in Aluminium ingots, wire rods, cubes, delivered a strong performance, despite macroeconomic challenges, tough market conditions on account of the COVID-19 pandemic and global uncertainties.

The PRIL has achieved sales of worth Rs. 17,356.36 Lacs. The PRIL is planning to expand the Operating capacity of the company and has plan to achieve the same in the current fiscal year.

We remain committed to make an even bigger difference by reimagining and improving our work, investing in our people and welding a sustainable future. We recognise the value of a diverse workforce.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:

The company is working in single segment further no Operating income was reported during the year by the company on standalone basis. On Consolidated basis it has Operating Income of Rs. 17445.62 Lacs.

OUTLOOK:

The Domestic Demand for aluminum in India is expected to benefit from the infrastructure projects prioritized by the government. The government's thrust on the power sector which is the dominant consumer of aluminum in India, augurs well for the aluminum industry. The Automobile and food packaging industries are also expected to stoke aluminum growth. Furthermore, rapid urbanization should augment consumer demand, yet another positive for the sector. Moreover the per capita aluminum consumption is far below the global average. This offers a huge potential, given our demographic and economic outlook.

RISK AND CONCERNS:

Risk may be defined as the possibilities that an event (anticipated or unanticipated) can adversely affect the business objective and goals. At Palco Metals Ltd, risk governance reconciles estimation, control and quantification through an institutionalized approach, which include consistence implementation and monitoring, supplemented by audits. The management conducts regular to arrest the abnormalities. Currency exchange rates could undergo changes with the Indian rupee turning volatile for most part of the year. This could have a potential impact on the export earning of the company. The company is conscious of the impact of the volatile movement. Hedging is done wherever is necessary and forward cover are taken to mitigate probable risks. The company has adopted conservative policy in booking the unfavorable impact of exchange fluctuation. Prudential accounting norms are followed in line with the accounting standard.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has adequate internal control system in operation commensurate with the size and nature of its business for enduring efficiency of operation and protection of Company's assets. The Audit Committee formed by the company review on periodical basis the compliance with the company's policies, procedures and prevailing laws. Further company has approved the Nomination and Remuneration policy for paying remuneration to Board of Directors and KMP.

Annexure-B to the Auditors' Report referred:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Palco Metals Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure-B to the Auditors' Report referred:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Palco Metals Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A

company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

These consolidated financial statements are presented in Indian Rupees (Rs.), which is the Parent Company's functional and presentation currency. The consolidated financial statements have been prepared on a historical cost basis except Defined benefit plans - plan assets measured at fair value. The consolidated financial statements relate to its subsidiary Palco recycle Industries Limited (PRIL); proportion of Ownership is 64.72%. Subsidiary are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Manner of Consolidation

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group. Ind AS 12, 'Income Taxes' applies to temporary differences that arise from the elimination of profits and losses resulting from intercompany transactions.

Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of Property, plant and equipment are shown at cost, less accumulated depreciation and impairment, if any. The cost of an item of property, plant and equipment comprises its cost of acquisition inclusive of inward freight, import duties, and other non refundable taxes or levies and any cost directly attributable to the acquisition/ construction of those items; any trade discounts and rebates are deducted in arriving at the cost of acquisition. Gain or losses arising on disposal of property, plant and equipment are recognized in profit or loss.

Transition to Ind AS

On transition to Ind AS, the company has elected to continue with the carrying value of all its property, plant and equipment recognized as at April 01, 2016 measured as per the previous GAAP (Indian GAAP) and use that carrying value as the deemed cost of property, plant and equipment.
