Item No. 06 & 07

To consider and approve for giving authorization to Board of Directors under section 180(1)(c) of the Companies Act, 2013 up to an aggregate limit of Rs. 75 crores.

Pursuant to Section 180(1)(c) of the Companies Act, 2013 and other applicable provisions of the Act, the Board of Directors of the Company herewith sought approval to set the limit of Borrowings of the Company at INR 75 Crores. The Company is constantly reviewing opportunities across the globe for business opportunities of the company or its subsidiary company.

Keeping in view the future financial requirements to support its business opportunities like hiring of people, develop & monetize projects, the Company may need additional funds to support its long-term strategic business plan.

For this purpose, the Company may, from time to time, raise finance/fund from various Banks and/ or Financial Institutions and/ or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid up capital and free reserves of the Company. Hence it is proposed to increase the borrowing limits to Rs. 75 Crores (Rupees Seventy-Five Crores Only) for the Company.

Pursuant to Section 180(1)(c) of the Companies Act, 2013, the Board of Directors cannot borrow more than the aggregate amount of the paid-up capital of the Company and its free reserves at any-time except with the consent of the members of the Company in a general meeting.

For seizing any Opportunity, the Company, may require funds which can be finance/fund from various Banks and/ or Financial Institutions and/ or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, term of finance may require creating charge or pledge on the assets of the company.

Pursuant to Section 180(1)(a) of the Companies Act, 2013 the Board of Directors cannot raise funds by pledging or creating Charge on the assets of the Company until the resolution with defined limits to raise funds by creating mortgage or pledge on the assets of the company is duly approved by the members as special resolution.

Hence it is proposed to increase the limits of raising funds by creating charge on the assets of the company upto the limits to Rs. 75 Crores (Rupees Seventy-Five Crores Only) with members approval by way of passing special resolution.

The Board recommends the resolution set out in Item No. 6 and 7 of this Notice for approval of the members by way of Special Resolution. None of the Directors, Key Managerial Personnel and their relatives are in any way concerned or interested in the resolution.

Item No. 08 Giving an authorization to Board of Directors to advance any loan, give any guarantee or to provide any security to all such person specified under section 185 of the Companies Act, 2013 up to an aggregate limit of Rs. 75 crores.

Pursuant to the provisions of Section 185 of the Companies Act, 2013 read with the Companies (Meeting of Board and its Powers) Rules, 2014 (the "Rules") (as amended from time to time), no company shall, directly or indirectly, advance any loan, including any loan represented by a book debt to, or give any guarantee or provide any security in connection with any loan taken by (a) any director of company, or of a company which is its holding company or any partner or relative of any such director; or (b) any firm in which any such director or relative is a partner.

However, a company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom

any of the director of the company is interested, subject to the condition that, a special resolution is passed by the company in general meeting and the loans are utilized by the borrowing company for its principal business activities.

In order to augment the long term resources of the Company and to render support for the business requirements of the entities in which director of the Company is interested or deemed to be interested from time to time, the Board of Directors in its meeting held on 31st August, 2024 has, subject to the approval of shareholders of the Company, proposed and approved for seeking the shareholder approval for advancing any loan, giving any guarantee or providing any security to all such person specified under Section 185 of the Companies Act, 2013 and more specifically such other entity/person as the Board of the Directors in its absolute discretion deems fit and beneficial and in the best interest of the Company (hereinafter commonly known as the Entities); all together with in whom or in which any of the Director of the Company from time to time is interested or deemed to be interested and up to an aggregate limit of Rs.75 Crores. Further, the aforementioned loan(s) and/or guarantee(s) and/or security(ies) shall only be utilized by the borrower for the purpose of its principal business activities and that keeping the best interest of the Company.

None of the Directors or Key Managerial Personnel or their relative(s) is / are in any way concerned or interested, in passing of the above-mentioned resolution except to the extent of their directorships and shareholding in the Company / entity (if any).

Accordingly, consent of the members is sought for passing a Special and the Board of Directors recommends the approval of the shareholders on a Special Resolution.

Item No. 09 Giving an authorization to Board of Directors under section 186 of the Companies Act, 2013 up to invest, to advance loan, to provide security or guarantee in connection with loan upto the aggregate limit of Rs.75 crores to any Body Corporate, Company or any other Person:

Pursuant to the provisions of Section 186 of the Companies Act, 2013 read with the Companies (Meeting of Board and its Powers) Rules, 2014 (the "Rules") (as amended from time to time), the Board of Directors of a Company can give any loan to any person or body corporate, give any guarantee or provide security in connection with a loan to any other body corporate or person; and acquire by way of subscription, purchase or otherwise, the securities of any other body corporate, any sum or sums of moneys on such terms and conditions and with or without security as the Board of Directors may think fit from time to time which together with the loans, guarantee, security and investment given/provided/made by the Company, beyond the maximum permissible limit under Section 186 of the Companies Act, 2013 i.e. 60% of the paid-up capital of the Company and its free reserves and securities premium account or one hundred per cent of its free reserves and securities premium account, whichever is more, provided that if special resolution has been passed by the shareholders of the Company to that effect. Keeping in view the future plans of the Company and to fulfil long term strategic and business objectives and as a measure of achieving greater financial flexibility and to enable optimal financing structure, the Board of Directors in its meeting held on August 31, 2024 has, subject to the approval of shareholders of the Company, has proposed and approved for seeking the shareholder approval for setting up limit up to an aggregate amount of Rs.75 Crores and to give powers to the Board of

Directors or any duly constituted committee thereof to that effect under Section 186 of the Companies Act, 2013.

The loan(s), guarantee(s), security(ies) and investment(s), as the case may be, shall be made in accordance with the applicable provisions of the Companies Act, 2013 and relevant rules made thereunder.

None of the Directors or Key Managerial Personnel or their relative(s) is / are in any way concerned or interested, in passing of the above-mentioned resolution except to the extent of their directorships and shareholding in the Company (if any).

Accordingly, consent of the members is sought for passing a Special Resolution as in relation to the details as stated above and thus the Board of Directors recommends the said Resolution for the approval of the shareholders of the Company as a Special Resolution.

Item No. 10 Adoption of new set of Articles of Association

The Articles of Association ("AOA") of the Company as presently in force are based on the erstwhile Companies Act, 1956 and several regulations in the existing AOA are no longer in conformity with the Companies Act, 2013.

Further several regulations / articles of the existing AOA of the Company require alteration or deletion pursuant to changes in applicable laws. Therefore, it is considered expedient to wholly replace the existing AOA by a new set of Articles and Memorandum. The new set of AOA to be substituted in place of the existing AOA.

Copy of the draft Articles of Association and Memorandum of Association of the Company would be available for inspection by the members at the Registered Office of the Company on any working day.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 and 7 of the Notice.

Item No. 11 Reclassification of Authorised Share Capital and Consequent Alteration of Memorandum of Association and Articles of Association

The present Authorised Share Capital of the Company of ` 100,000,000 (Ten Crores) divided into 7,000,000 (Seventy Lacs) Equity Shares of ` 10/- (Rupees 10 Only) each and 3,000,000 (Thirty Lacs) Non-cumulative Redeemable preference shares of `10/- (Rupees Ten Only) each.

As per the provisions of Sections 13 of the Companies Act, 2013, a Company can alter the Share Capital Clause of its Memorandum of Association and Articles of Association with the consent of Shareholders.

The Board recommends the said reclassification as the Company do not have any future plan to issue preference shares to the shareholders so entire Authorised Share Capital to be converted into Equity Share Capital.

On reclassification of authorised capital, it would be necessary to amend Clause V of the Memorandum of Association and Article 3 of Articles of Association. The Resolution seeks approval of Members to reclassify the Share Capital and to amend the said Clauses.

The existing Authorised Share Capital of the Company of ` 100,000,000 (Ten Crores) divided into 7,000,000 (Seventy Lacs) Equity Shares of ` 10/- (Rupees 10 Only) each and 3,000,000 (Thirty Lacs) Non-cumulative Redeemable preference shares of `10/- (Rupees Ten Only) each be and is hereby reclassified to ` 100,000,000 (Rupees Ten Crores) divided into 10,000,000 (One Crore) Equity shares of ` 10/- (Rupees Ten Only) each.

The Resolution requires approval of Members to reclassify the Share Capital and to amend the respective Clauses in the Memorandum of Association & Articles of Association of the Company. The Board of Directors recommends the passing of these Resolutions by special resolutions.

None of the Directors / key managerial persons of the Company or their relatives is interested, financially or otherwise, in the aforesaid resolution.

Item No 12. To consider re-appointment of Mr. Kirankumar Babulal Agrawal (Din: 00395934) as the Managing Director of the Company for a further period of 3 (Three years).

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS:

During the year 2023, total world production of Metallurgical Grade Alumina (MGA) was 137.179 Million Tonnes, registering an increase of about 2.38% compared to 133.995 Million Tonnes produced during 2022. Global Alumina consumption during 2023 was 137.089 Million Tonnes as against 133.53 Million Tonnes consumed during 2022, exhibiting a YoY increase of 2.66%. China was the major contributor in both production and consumption, having 58.24% share in production and 58.84% share in consumption of Alumina. World metallurgical grade alumina demand is expected to be about 138.119 Million tonnes in 2024, representing an increase of 0.75% compared to the previous year. Overall, the global Alumina market is expected to remain in slight surplus of 1.03 Million Tonnes in 2024 with an expected production of 137.647 Million Tonnes. Total Alumina production in India during the financial year 2023-24 was 7.52 Million Tonnes, thereby registering a YoY increase of 1.12%. Out of this, your Company's contribution is expected to be 2.04 Million Tonnes (27.19%), Hindalco 3.66 Million Tonnes (48.71%) and Vedanta 1.81 Million Tonnes (24.10%). World bauxite production during 2023 was around 380.74 Million Tonnes, which is 3.07% higher than 369.40 Million Tonnes produced in 2022. Global bauxite production during 2024 is expected to be around 380.57 Million Tonnes. During 2023, it is estimated that 141.647 Million Tonnes of Bauxite were imported by China, which was mainly sourced from Guinea (99.33 Million Tonnes), Australia (34.61 Million Tonnes), Indonesia (1.88 Million Tonnes), Brazil (1.40 Million Tonnes) and Malaysia (0.68 Million Tonnes). China import of Bauxite from Indonesia in 2023 dropped by 90% i.e. from 19.07 Million Tonnes in 2022 to 1.9 Million Tonnes in 2023. Indonesia has maintained its stance to ban bauxite exports from June, 2023 to support the development of downstream mining industry

OPPORTUNITIES AND THREATS:

Global aluminium demand (primary and secondary) will increase by almost 40% by 2030. The aluminium sector will need to produce an additional 33.3 Million Tonnes to meet demand growth in all industrial sectors – from 86.2 Million Tonnes in 2020 to 119.5 Million Tonnes in 2030. Transportation, construction, packaging and electrical sectors are four key sectors that will drive demand, accounting for 75% of the total metal required. 37% of this growth is expected to come from China, which will require 12.3 Million Tonnes, the rest of Asia adding a further 8.6 Million Tonnes, North America 5.1 Million Tonnes and Europe 4.8 Million Tonnes. Together, these four regions alone will account for more than 90 per cent of the additional aluminium required globally. The highest growth in terms of absolute demand is expected to come from the transportation sector which, driven by decarbonization policies and the shift from vehicles powered by traditional fossil fuels to Electric Vehicles (EVs), is expected to go from consuming about 19.9 Million Tonnes of aluminium in 2020 to 31.7 Million Tonnes in 2030. As countries transit to clean technologies, in response to the urgent need for climate action and sustainable lifestyles,

the shift to a 'Net Zero' economy is expected to be metal-intensive and aluminium has been identified as one of the critical metals that will aid this transition, catering to the emerging demand for clean energy solutions, green technologies and sustainable systems. Aluminium is a lightweight material, which is ideal for use in EVs, 'Green Buildings' and power cabling. Based on the International Energy Agency's projections for a sub-two degrees global warming scenario, consistent with the Paris Agreement (Beyond 2°C Scenario or B2DS), demand (including recycled aluminium and scrap) could increase from the present level by 80% to around 170 Million Tonnes by 2050. It is estimated, in this context, that to cater to this huge spurt in demand, up to 28.5% increase in global primary aluminium production shall be required (from around 70 Million Tonnes in 2023 to 90 Million Tonnes in 2050), while the rest may be met from secondary sources and scrap. In FY 2022-23, the Subsidiary of the company Palco Recycle Industries Limited (PRIL) operating in Aluminium ingots, wire rods, cubes, delivered a strong performance despite Forex and raw material price volatility.

The PRIL has achieved sales of worth Rs. 15967.63 Lacs. The PRIL is planning to expand the Operating capacity of the company and has plan to achieve the same in the current fiscal year.

We remain committed to make an even bigger difference by reimagining and improving our work, investing in our people and welding a sustainable future. We recognise the value of a diverse workforce.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:

The company is working in single segment further no Operating income was reported during the year by the company on standalone basis. On Consolidated basis it has Operating Income of Rs. 15967.63 Lacs.

OUTLOOK:

Indian Aluminium demand remained resilient in the financial year 2023-24 with increase in domestic consumption by 12% compared to the financial year 2022-23. Similarly, production of metal also increased in the financial year 2023-24 by 2.20% compared to the financial year 2022-23. As per RBI, India's GDP growth outlook is expected to be 7.0% YoY for the financial year 2024-25 as compared to 7.6% in the financial year 2023-24 and inflation is expected to moderate to 4.5% in the financial year 2024-25 from 5.4% in the financial year 2023-24. India Aluminium Market was valued at USD 11.28 billion in 2023, and is predicted to reach USD 19.76 billion by 2030, with a CAGR of 7.6% from 2024 to 2030.

RISK AND CONCERNS:

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31st March, 2024

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Palco Metals Limited
(CIN: L27310GJ1960PLC000998)
Ahmedabad

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and adherence to good corporate practices by **Palco Metals Limited (herein after called "the Company")** for the year ended **31st March, 2024**.

Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2024 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2024 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;

- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings - There was no Foreign Direct Investment and External Commercial Borrowings by the Company during the year under review and hence the provisions in respect of the said matters are not applicable to the Company;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and amendments from time to time - ***(Not applicable, as the Company has not issued any shares during the year under review);***
 - (d) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; - ***(Not applicable, as the Company has not issued any shares/ options to directors/ employees under the said guidelines / regulations during the year under review);***
 - (e) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;-***(Not applicable, as the Company has not issued any debt securities which were listed during the year under review);***
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client – ***(Not applicable as the Company is not registered as Registrar to Issue and Share Transfer Agent during the year under review);***
 - (g) Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; – ***(Not applicable as the Company has not delisted / propose to delist its equity shares from any Stock Exchange during the year under review);*** and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 – ***(Not applicable as the Company has not bought back or propose to buy-back any of its securities during the year under review).***
 - (i) The Securities and Exchange Board of India (Listing Obligation and Disclosures Requirements) Regulations, 2018

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with respect to Meetings of Board of Directors and Committees (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreement entered into by the Company with BSE Limited, and SEBI (Listing Obligations & Disclosures Requirements) Regulations, 2015 (effective 1st December, 2015).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc except the following:

I Further Report that

- (i) That the Secretarial Standards on Meetings of the Board of Directors and Committees (SS-1) and General Meetings (SS-2), as approved by the Central Government, have been issued by the Institute of Company Secretaries of India (ICSI) which come into force w.e.f. 1st July 2015 are being observed by the Company.
- (ii) During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, mentioned here in above and there is adequate compliance management system for the purpose of other laws.

As informed to us by the management of the company, and looking to the nature of the business of the company along with keeping in mind the non operative stage of company with no plant and machinery, I have formed opinion that there are no laws which have specific applicability to the Company.

I have relied on Confirmations made by the Company and information provided by the company for forming opinion as to non applicability of Labor Laws, Pollution Control Laws, and Environmental Laws.

I further report that the Compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit, since the same have been subject to review by statutory financial auditor and other designated professionals and the same has been reported under statutory Audit Report.

I further report that:

- (i) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors and a Woman Director. No changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- (ii) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed

notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

(iii) Majority decision is carried through unanimously, while the dissenting members' views are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company with the size and operation of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines, standards etc.

I further report that during the audit period, there no major specific events having major bearing on the company's affairs except the Re-appointment of Independent Directors and appointment of New Auditors on completion of term of Erstwhile Auditors.

Independent Auditor's Report

To the Members of

PALCO METALS LIMITED

Ahmedabad.

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **PALCO METALS LIMITED**, which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and loss, Cash Flow Statement and statement of changes in equity for period ended on 31st march, 2024, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS financial statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation and presentation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so. The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS financial statements based on our audit. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, and we also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error.
- Obtain an understanding of the internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2024;
- b) In the case of the Statement of Profit and Loss, the Profit of the Company for the period ended 31st March, 2024.

- c) In the case of the Statement of Cash Flow, Cash Flows of the Company for the period ended 31st March, 2024.
- d) In the case of the statement of change in equity of the Company for period ended on 31st march, 2024.

Basis for Opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the Ind AS financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined no matters to be the key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report,

Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the order; and

As required by Section 143 (3) of the Act, we report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet and the Statement of Profit and Loss, Cash Flow Statement and statement of change in equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Financial Statement comply with the Ind Accounting Standards specified under section 133 of the Act, read with Rule 7 of Companies (Accounts) Rule, 2014.
- e) We do not have any observation or comment on the financial statements or matters which have any adverse effect on the functioning of the company.

- f) We do not have any qualification, reservations or adverse remarks relating to the maintenance of accounts and other matters connected herewith.
- g) on the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164 (2) of the Act; and
- h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting;
- i) The Company being a limited company, the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197 (16) of the Act, as amended, in respect of whether the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- j) with respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) the Company has disclosed the impact of pending litigations on its financial position in its financial statements
 - ii) the Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or

indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v) The Company has neither declared nor paid any dividend during the year. Therefore, Section 123 of the Act is not applicable

Annexure-B to the Auditors' Report referred:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Palco Metals Limited ("the Company") as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls

over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

BASIS OF PREPARATION

A. Statement of Compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2017 notified under Section 133 of Companies Act, 2013, (the 'Act') and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) (as amended from time to time).

B. Basis of preparation and presentation

The financial statements are prepared under the historical cost convention on the "Accrual Concept" of accountancy in accordance with the accounting principles generally accepted in India and they comply with the Accounting Standards prescribed under section 133 of the Companies Act, 2013 and other pronouncement issued by the Institute of Chartered Accountants of India [ICAI], to the extent applicable, and with the applicable provisions of the Companies Act, 2013 except for the following:

- (i) Certain financial assets and liabilities that are measured at fair value or amortized cost;
- (ii) Defined benefit plans - plan assets are measured at fair value less present value of defined benefit obligations.

The Function currency of the Company is Indian Rupee (INR). The financial statements are presented in INR and all values are rounded to the nearest Lakhs, unless otherwise indicated.

1	SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
----------	---

A. Use of Estimates

The preparations of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affects the reported amounts of revenues, expenses, Assets and liabilities and the disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainly about these assumptions and estimates could result in the outcome requiring a material adjustment to the carrying amount to the assets or liabilities to the future period.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognized in the period in which the results are known / materialized. The said estimates are based on the facts and events that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Critical accounting judgements and key sources of estimation uncertainty: Key assumptions

- (i) **Useful lives of Property, Plant and Equipment:** This involves determination of the estimated useful life of property, plant and equipment and the assessment as to which components of the cost may be capitalized. The useful life of these assets is based on the life prescribed in Schedule II to the Companies Act, 2013. Management reviews its estimate of the useful lives of depreciable / amortizable assets at each reporting date, based on the expected utility of the assets.
- (ii) **Allowances for doubtful debts:** The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.
- (iii) **Allowances for inventories:** Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items

PALCO METALS LIMITED

with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items.

- (iv) **Defined benefit plans:** The cost of the defined benefit plan includes gratuity and the present value of the gratuity obligation are determined using actuarial valuations using projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- (v) **Recognition and measurement of provisions and contingencies:** The certain key assumptions about the likelihood and magnitude of an outflow of resources. Provision is towards known contractual obligation, litigation cases and pending assessments in respect of taxes, duties and other levies, if any, in respect of which management believes that there are present obligations and the settlement of such obligations are expected to result in outflow of resources, to the extent provided for

B. Current & Non-Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- (i) The asset/liability is expected to be realized/ settled in the Company's normal operating cycle.
- (ii) The asset is intended for sale or consumption;
- (iii) The asset/liability is held primarily for the purpose of trading;
- (iv) The asset/liability is expected to be realized/ settled within twelve months after the reporting period;
- (v) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- (vi) In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date

All other assets and liabilities are classified as noncurrent. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months

C. Property, Plant and Equipment

There is no Property, Plant and Equipment.

D. Depreciation/amortisation:

As there is no Property, Plant and Equipment. Hence, no accounting policy for Depreciation/amortization.

E. Foreign Currency

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing on the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Nonmonetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange Differences:

All exchange differences arising on settlement and conversion of foreign currency transaction are included in the Statement of Profit and Loss.

F. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

- (i) **Sale of goods:** Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The company collects GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue.
- (ii) **Income from services:** Revenues from job contracts are recognized as and where services are rendered. The company collects service tax on behalf of the government and therefore, it is not an economic benefit flowing to the company; hence, it is excluded from revenue.
- (iii) **Interest:** Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.
- (iv) **Dividend:** Dividend income if any is recognized when the company's right to receive dividend is established by the reporting date.

G. Taxation

Tax on Income comprises current tax and deferred tax. These are recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

(i) Current Tax :

Tax on income for the current period is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively

PALCO METALS LIMITED

enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations for which applicable tax regulations are subject to interpretation and revises the provisions where appropriate

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

H. Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

I. Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment losses (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of

money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement Profit and Loss.

J. Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

K. Inventories

Inventories are stated at the lower of weighted average cost or net realisable value. Costs include all non-refundable duties and all charges incurred in bringing the goods to their present location and condition. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

L. Retirement and other employee benefits

Defined Contribution Plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation other than the contribution payable to the provident fund.

Defined Benefit Plans

The company operates defined benefit plans for its employees, viz, gratuity .

PALCO METALS LIMITED

The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for both defined benefit plans are recognized in full in the period in which they occur in the statement of profit and loss.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, of defined benefit plan in respect of post-employment are charged to the Other Comprehensive Income. The Company has an Employee Gratuity Fund managed by the Life Insurance Corporation of India. Liability with regards to long term employee benefits is provided for on the basis of actuarial valuation at the Balance sheet date.

The Company does not have policy of leave encashment and hence there is no liability on this account.

M. Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs.

(A) Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

1) Classification of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost (except for financial assets that are designated at fair value through profit or loss on initial recognition):

- (a) The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

PALCO METALS LIMITED

- (b) The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

2) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial assets and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and transaction costs and other premiums or discounts) through the expected life of the financial assets, or where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest is recognised on an effective interest basis for debt instruments other than those financial assets classified as at Fair Value through Profit and Loss (FVTPL). Interest income is recognised in the Statement of Profit and Loss and is included in the "Other income" line item.

3) Financial assets at cost

Investment in subsidiaries are measured at cost as per Ind AS 27 - Separate Financial Statements

4) Financial assets at Fair Value through Profit & Loss (FVTPL)

Investments in equity instruments other than investments in subsidiaries are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in Statement of Profit and Loss.

5) Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received / receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

6) Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses rate the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

12-month expected credit losses are portion of the life time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that will results if default occurs within the 12 months after the reporting date and this, are not cash shortfalls that are predicted over the next 12 months

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information.

7) Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in Statement of Profit and Loss.

(B) Financial liabilities and equity instruments

1) Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

3) Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

4) Financial liabilities at FVTPL

A financial liability may be designated as at FVTPL upon initial recognition if:

- (a) such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- (b) The financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management;

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability.

5) Financial liabilities at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective

interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and costs paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

6) Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL or amortisation cost, the foreign exchange component forms part of the fair value gains or losses and is recognised in Statement of Profit and Loss.

7) Derecognition of Financial Liability

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

N. Cash & Cash Equivalents

Cash comprises cash on hand and demand deposit with banks (with an original maturity of three months or less from the date of creation). Cash equivalents are short-term balances that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

O. Cash Flow Statement

Cash flows are reported using the indirect method, where by profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated

P. Provision, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement

Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise are disclosed as contingent liability and not provided for. Such liability is not disclosed if the possibility of outflow of resources is remote.

Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Contingent assets are not recognised but disclosed only when an inflow of economic benefits is probable.

Q. Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable To equity shareholders (after deducting preference dividends and attributable taxes) by the Weighted average number of equity shares outstanding during the period. Partly paid equity shares Are treated as a fraction of an equity share to the extent that they are entitled to participate in Dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, Bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that has changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

R. Segment reporting

As the company's business activity, in the opinion of the management, falls within a single primary segment subject to the same risks and returns, the disclosure requirements of IND Accounting Standard (AS) – 108 “Segment Reporting” notified under the Companies (Accounting Standards) Rules, 2006 are not applicable.

Note 31 : Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values.

1. Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.

The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique :

- Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: Other techniques for which all inputs which have a significant effects on the recorded fair value are observable, either directly or indirectly.
- Level 3: Techniques which use inputs that have a significant effects on the recorded fair value that are not based on observable market data.

The carrying amounts of financial assets and financial liabilities measured at amortized cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Note 32 : Financial Risk Management Objectives and Policies

The Company's activities are exposed to variety of financial risks. The key financial risks include market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors reviews and approves policies for managing risks. The risks are governed by appropriate policies and procedures and accordingly financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loan borrowings.

The Company manages market risk through it's treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by the Senior Management. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

Interest rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Refer Note 13.1 for interest rate profile of the Company's interest-bearing financial instrument at the reporting date.

Market Risk - Foreign Currency

The Company operates locally, however, the nature of its operations requires it to transact in several currencies and consequently the Company is exposed to foreign exchange risk in various foreign currencies.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies.

Other Price Risk

The Company is not exposed to any kind of price risk arising as at March 31, 2024.

CREDIT RISK

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is significant increase in credit risk, the company compares the risk of a default occurring on the asset at the reporting date with the risk of default on the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- (i) Actual or expected significant adverse changes in business,
- (ii) Actual or expected significant changes in the operating results of the counterparty,
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.
- (iv) Significant increase in credit risk on other financial instruments of the same counterparty, and
- (v) Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

LIQUIDITY RISK

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows

Independent Auditor's Report

To the Members of

PALCO METALS LIMITED

Ahmedabad.

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated IND AS financial statements of **PALCO METALS LIMITED** ("the Company"), which comprise the Consolidated Balance Sheet as at March 31, 2024, and Consolidated the Statement of Profit and loss, the Consolidated Cash Flow Statement and statement of changes in equity for period ended on 31st march, 2024, for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Ind AS financial statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation and presentation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls,

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so. The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS financial statements based on our audit. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, and we also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error.

- Obtain an understanding of the internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2024;
- b) In the case of the Statement of Profit and Loss, the Profit of the Company for the period ended 31st March, 2024.
- c) In the case of the Statement of Cash Flow, Cash Flows of the Company for the period ended 31st March, 2024.
- d) In the case of the statement of change in equity of the Company for period ended on 31st march, 2024.

Basis for Opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the Ind AS financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These

matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined no matters to be the key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the order; and

As required by Section 143 (3) of the Act, we report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Annexure-B to the Auditors' Report referred:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Palco Metals Limited ("the Company") as of 31st March, 2024 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3)

provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Consolidated Financial Statements are presented in INR and all values are rounded to the nearest Lakhs, unless otherwise indicated.</p>

Principles of consolidation

The Consolidated Financial Statements comprise the Consolidated Financial Statements of the Company and subsidiaries as at March 31, 2024. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- has power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Financial Statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the Consolidated Financial Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's Consolidated Financial Statements in preparing the Consolidated Financial Statements to ensure conformity with the group's accounting policies.

Consolidation procedure:

(a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries.

(b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.

(c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and property, plant and equipment, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the Consolidated Financial Statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary

PALCO METALS LIMITED

	<p>acquired or disposed of during the year are included in the consolidated Statement of Profit and Loss from the date the Group gains control until the date when the Group ceases to control the subsidiary. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the noncontrolling interests having a deficit balance.</p> <p>All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.</p> <p>The Consolidated Financial Statements relate to its subsidiary Palco recycle Industries Limited (PRIL), proportion of Ownership is 64.72% (previous year 64.72%).</p> <p>Current and Non-Current Classification</p> <p>All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in Schedule III to the Act.</p>
<p>1</p>	<p>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</p>
<p>A</p>	<p>Use of Judgements Estimates</p> <p>The estimates and judgements used in the preparation of the Consolidated Financial Statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognized in the period in which the results are known / materialized. The said estimates are based on the facts and events that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.</p> <p>Critical accounting judgements and key sources of estimation uncertainty: Key assumptions</p> <p>(i) Useful lives of Property, Plant and Equipment: This involves determination of the estimated useful life of property, plant and equipment and the assessment as to which components of the cost may be capitalized. The useful life of these assets is based on the life prescribed in Schedule II to the Companies Act, 2013. Management reviews its estimate of the useful lives of depreciable / amortizable assets at each reporting date, based on the expected utility of the assets.</p> <p>(ii) Allowances for doubtful debts: The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.</p>

PALCO METALS LIMITED

	<p>(iii) Allowances for inventories: Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the fs for any obsolete and slow-moving items.</p> <p>(iv) Defined benefit plans: The cost of the defined benefit plan includes gratuity and the present value of the gratuity obligation are determined using actuarial valuations using projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.</p> <p>(v) Recognition and measurement of provisions and contingencies: The certain key assumptions about the likelihood and magnitude of an outflow of resources. Provision is towards known contractual obligation, litigation cases and pending assessments in respect of taxes, duties and other levies, if any, in respect of which management believes that there are present obligations and the settlement of such obligations are expected to result in outflow of resources, to the extent provided for</p>
<p>B</p>	<p>Current & Non-Current Classification:</p> <p>Any asset or liability is classified as current if it satisfies any of the following conditions:</p> <ul style="list-style-type: none"> (i) The asset/liability is expected to be realized/ settled in the Company's normal operating cycle. (ii) The asset is intended for sale or consumption; (iii) The asset/liability is held primarily for the purpose of trading; (iv) The asset/liability is expected to be realized/ settled within twelve months after the reporting period; (v) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date; (vi) In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. <p>All other assets and liabilities are classified as noncurrent. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.</p>

PALCO METALS LIMITED

	For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months.									
C	<p>Property, Plant and Equipment:</p> <p>Freehold land is carried at historical cost. Property, Plant and Equipment, including Capital Work in Progress, are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises its cost of acquisition inclusive of inward freight, import duties, and other non-refundable taxes or levies and any cost directly attributable to the acquisition / construction of those items; any trade discounts and rebates are deducted in arriving at the cost of acquisition.</p> <p>Capital Work-in-Progress and Capital Advances</p> <p>Cost of assets not ready for intended use, as on the Balance Sheet date is shown as capital work-in-progress. Advances given towards acquisition of fixed assets outstanding at Balance Sheet date are disclosed as Other Current Assets.</p> <p>Borrowing cost relating to acquisition/construction of Property, Plant and Equipment which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.</p> <p>Derecognition</p> <p>An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of asset. Any gain or loss arising on the disposal or retirement of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the assets and is recognized in Statement of Profit and Loss.</p>									
D	<p>Depreciation/Amortisation</p> <p>Depreciation and amortisation for the year is recognised in the Statement of Profit and Loss. Depreciation on fixed assets are provided on straight line method over the useful lives of assets, at the rates and in the manner specified in Part C of Schedule II of the Act. The rates of depreciation as prescribed in Part C of Schedule II of the Act are considered as the minimum rates. Freehold land is not depreciated. Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted as appropriate.</p> <p>The details of estimated life for each category of asset are as under.</p>

E	<p>Borrowing Costs</p> <p>Borrowing Costs includes Interest, amortization of ancillary costs incurred in connection with the arrangement of borrowing and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing Costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of item to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.</p>	
F	<p>(i) Impairment of tangible and intangible assets.</p> <p>The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the assets recoverable amount. An asset's recoverable amount is the higher of Asset's cash generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows those are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.</p> <p>(ii) Impairment of Financial Assets</p> <p>The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.</p>	

PALCO METALS LIMITED

<p>G</p>	<p>Inventories</p> <p>Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.</p> <p>Costs of inventories are determined on a First in First Out (FIFO) basis. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.</p> <p>Work-in-progress and finished goods are valued at lower of cost and net realizable value. Net realizable value is derived at market rate. Cost includes direct materials and labour and a proportion of manufacturing overheads but excluding excise duty and sales tax paid thereon. Inventory of raw material, Work in Process and Finished goods have been valued and certified by the management.</p>
<p>H</p>	<p>Revenue recognition</p> <p>Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:</p> <p>Sale of goods</p> <p>Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The company collects GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue.</p> <p>Income from services</p> <p>Revenues from job contracts are recognized as and where services are rendered. The company collects Goods & service tax on behalf of the government and therefore, it is not an economic benefit flowing to the company; hence, it is excluded from revenue.</p> <p>Interest</p> <p>Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other income” in the statement of profit and loss.</p> <p>Dividends</p> <p>Dividend income if any is recognized when the company’s right to receive dividend is established by the reporting date.</p>

PALCO METALS LIMITED

<p>I</p>	<p>Foreign currency translation</p> <p>The Consolidated Financial Statements are presented in Indian Rupee (INR), which is entity's functional and presentation currency.</p> <p>Initial recognition</p> <p>Foreign currency transactions are recorded in the reporting currency, by applying to the foreign Currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.</p> <p>Measurement of Foreign Currency Items at the Balance Sheet Date</p> <p>All foreign currency denominated monetary assets and liabilities are transacted at the exchange rates on the reporting date. Exchange differences arising on settlement or translated of monetary items are recognized in Statement of Profit and Loss. Nonmonetary items that are measured in terms of historical cost in a foreign currency are not retranslated.</p>
<p>J</p>	<p>Retirement and other employee benefits</p> <p>Defined Contribution Plans</p> <p>Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation other than the contribution payable to the provident fund.</p> <p>Defined Benefit Plans</p> <p>The company operates defined benefit plans for its employees, viz, gratuity . The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for both defined benefit plans are recognized in full in the period in which they occur in the statement of profit and loss.</p> <p>For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses , of defined benefit plan in respect of post- employment are charged to the Other Comprehensive Income. The Company has an Employee Gratuity Fund managed by the Life Insurance Corporation of India. Liability with regards to long term employee benefits is provided for on the basis of actuarial valuation at the Balance sheet date.</p> <p>The Company does not have policy of leave encashment and hence there is no liability on this account.</p>
<p>K</p>	<p>Income taxes</p> <p>Tax expense comprises current and deferred tax. Current income-tax is measured at the amount Expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted In</p>

PALCO METALS LIMITED

	<p>India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.</p> <p>Deferred income taxes reflect the impact of timing differences between taxable income and Accounting income originating during the current year and reversal of timing differences for the Earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or Substantively enacted at the reporting date. Deferred income tax relating to items recognized Directly in equity is recognized in equity and not in the statement of profit and loss.</p> <p>Deferred tax liabilities are recognized for all taxable timing difference deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.</p>
<p>L</p>	<p>Segment reporting</p> <p>As the company's business activity, in the opinion of the management, falls within a single primary segment subject to the same risks and returns, the disclosure requirements of IND Accounting Standard (AS) – 108 “Segment Reporting” notified under the Companies (Accounting Standards) Rules, 2006 are not applicable.</p>
<p>M</p>	<p>Earnings per Share</p> <p>Basic earnings per share are calculated by dividing the net profit or loss for the period attributable To equity shareholders (after deducting preference dividends and attributable taxes) by the Weighted average number of equity shares outstanding during the period. Partly paid equity shares Are treated as a fraction of an equity share to the extent that they are entitled to participate in Dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, Bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that has changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.</p>

PALCO METALS LIMITED

<p>N</p>	<p>Provisions</p> <p>A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates where the company expects some or all of a provision to be reimbursed, for example under an Insurance contract, the reimbursement is recognized as a separate asset but only when the Reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.</p>
<p>O</p>	<p>Contingent liabilities</p> <p>A contingent liability is a possible obligation that arises from past events whose existence will be Confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond The control of the company or a present obligation that is not recognized because it is not Probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the Consolidated Financial Statements.</p>
<p>P</p>	<p>Government Grants</p> <p>Government grants are recognized on systematic basis when there is reasonable certainty of realization of the same. Revenue grants including subsidy / rebates are credited to the Statement of Profit and Loss under "Other Income" or deducted from the related expenses for the period to which these are related. Grants which are meant for purchase, construction or otherwise acquired through non-current assets are recognized as deferred income and disclosed under non-current liabilities and transferred to the Statement of Profit and Loss on a systematic basis over the useful life of the respective asset. Grants relating to non-depreciable assets are transferred to the Statement of Profit and Loss over the periods that bear the cost of meeting the obligations related to such grants.</p>
<p>P</p>	<p>Cash and cash equivalents</p> <p>Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of 12 months or more and also includes margins against borrowing, guarantees.</p>

Q Financial Instruments**(i) Initial Recognition and Measurement**

The Company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way of purchase and sale of financial assets are recognized on the trade date.

(ii) Subsequent Measurement**A. Non-Derivative Financial Instrument****(a) Financial Assets Carried at Amortized Cost**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial Assets at Fair Value through Other Comprehensive Income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

(c) Financial Assets at Fair Value through Profit or Loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(d) Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

B. Derivative Financial Instruments

PALCO METALS LIMITED

	<p>The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.</p> <p>Financial Assets or Liabilities, at Fair Value through Profit or Loss</p> <p>This category has derivative financial assets or liabilities which are not designated as hedges. Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated as hedge or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.</p> <p>Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets / liabilities in this category are presented as current assets / liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.</p> <p>C. De-recognition of Financial Instruments</p> <p>The Company derecognizes a financial asset when the contractual right to receive the cash flows from the financial asset expires or it transfers the financial asset.</p> <p>A financial liability is derecognized when the obligation under the liability is discharged, cancelled or expired.</p>
R	<p>Cash Flow Statement</p> <p>Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.</p>

Particulars	Rs.	(Rs. In Lakh)
Employers' Contribution to Provident Fund	1.08	0.79

b) Defined Benefit Plans

In accordance with Indian Accounting Standard 19, actuarial valuation was done in respect of the aforesaid defined benefit plan based on the following assumptions.

Economic Assumptions

The discount rate and salary increases assumed are the key financial assumptions and should be considered together. It is the difference or gap between these rates which is more important than the individual rates in isolation.

Discount Rate

The discounting rate is based on the gross redemption yield on medium to long term risk free investments. The estimated term of the benefits / obligations works out to zero years. For the current valuation a discount rate of 7.30% p.a. (Previous Year 6.40% p.a.) compound has been used.

Salary Escalation Rate

The salary escalation rate usually consists of at least three components, viz. regular increments, price inflation and promotional increases. In addition to this any commitments by the management regarding future salary increases and the Company's philosophy towards employee remuneration are also to be taken into account. Again a long-term view as to trend in salary increase rates has to be taken rather than be guided by the escalation rates experienced in the immediate past, if they have been influenced by unusual factors.

Note 45 : Financial Instruments - Accounting Classifications and Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values.

1. Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.

2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.

The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique :

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effects on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effects on the recorded fair value that are not based on observable market data.

During the reporting periods ended March 31, 2024 and March 31, 2023, there were no transfers between Level 1 and Level 2 fair value measurements.

The carrying amounts of financial assets and financial liabilities measured at amortized cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Note 46 : Financial Risk Management Objectives and Policies

The Company's activities are exposed to variety of financial risks. The key financial risks include market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors reviews and approves policies for managing risks. The risks are governed by appropriate policies and procedures and accordingly financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loan borrowings.

The Company manages market risk through its treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by the Senior Management. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

Interest rate Risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Refer Note 13.1 for interest rate profile of the Company's interest-bearing financial instrument at the reporting date.

Market Risk - Foreign Currency

The Company operates locally, however, the nature of its operations requires it to transact in several currencies and consequently the Company is exposed to foreign exchange risk in various foreign currencies.

The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies.

Other Price Risk

The Company is not exposed to any kind of price risk arising as at March 31, 2024.

CREDIT RISK

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable (Refer note no. 7). Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is significant increase in credit risk, the company compares the risk of a default occurring on the asset at the reporting date with the risk of default on the date of initial recognition. It considers reasonable and supportive forward-looking information such as:

- (i) Actual or expected significant adverse changes in business,
- (ii) Actual or expected significant changes in the operating results of the counterparty,
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligation.
- (iv) Significant increase in credit risk on other financial instruments of the same counterparty, and
- (v) Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

LIQUIDITY RISK

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows
