**PUBLIC NOTICE**  
**INTRODUCTION OF AC 25 KV TRACTION "WARNING TO ROAD USERS"**

Notice is hereby given to all users of Railway lines and premises situated on the completed section of the under noted section of the Vadodra Division of Western Railway that the 25000 Volts, 50 Hz, AC overhead traction wires will be energized on or after the date 23.11.2025. On and from the date, the overhead traction line shall be treated as live at all times and no unauthorized person shall approach or work in the proximity of the said overhead lines.

Section	Date
Loop line at Tilakwada & Moriya station in connection with Providing crossing facility & converting 'D' Class station into 'B' Class station between Dahholi & Ektanagar section of Vadodra Division of Western Railway.	On or after 23.11.2025

It is notified for information of the public that in connection with introduction of 25KV AC electric traction over the section "a" on Loop line at Tilakwada & Moriya station in connection with Providing crossing facility & converting 'D' Class station into 'B' Class station between Dahholi & Ektanagar section of Vadodra Division of Western Railway, height gauges have been erected at all the level crossings with clear maximum height 4.78m above road level with a view to prevent loads of excessive height from coming into contact or dangerous proximity to live traction wire (contact wire), which shall be at a height of minimum 5.5 m above the rail level at level crossing. Public are hereby notified to observe that height specified above for the purpose of loading vehicles and to see that the load carried on road vehicles do not infringe the height gauges under any circumstances.

The dangers of a load of excessive height are as follows - 1. Dangers to the height gauge and consequent obstruction to the road as well as the Railway line, 2. Danger to the materials of equipment carried on the vehicles itself, 3. Danger of fire and risk of life due to contact with or dangerous proximity to the conductors.
